## **Editorial Review**

### Review

“In conclusion, this book succeeds in doing what it intended, to provide linguistic grounding for readers primarily interested in the literature and culture of English past and present. It deserves a place in libraries and classrooms, to be read cover to cover or dipped into for specific topics . . . Because it is readable and has good chapter bibliographies and a detailed index, it might also serve as a reference for students researching a topic within the history of English.” (*Linguist*, 20 January 2013)

### From the Back Cover

This Companion brings together more than 60 distinguished contributors to offer a wide-ranging survey of the history of the English language, from its Indo-European and Germanic past, through British and American usage, to the rise of colonial and post-colonial English. Many of the essays investigate regional and ethnic varieties and take up issues of class and gender.

The book explores the many diverse approaches to the study of English in one volume, ranging from linguistics and etymology to the philosophy of language and literary history. Concise introductions place individual essays within larger contexts; notes on phonetics, a chronological list of events, and a glossary of linguistic terms facilitate use and connect the reader to the uses of the English language over the centuries.

A meeting ground for students of language and literature, this broad-ranging volume considers cultural, social, literary, material, and theoretical approaches to the study of language.

### About the Author

**Haruko Momma** is Associate Professor of English at New York University. She is the author of *The Composition of Old English Poetry* (1997) and *From Philology to English Studies: Language and Culture in the Nineteenth Century* (2009).

**Michael Matto** is Assistant Professor of English and Director of Writing Programs at Adelphi University. He has published articles on Old English language, literature, and culture, and is currently editing (with Greg Delanty) a collection of new literary translations of Old English poems (2009).
