Crash Course Anatomy, 4e By Louise Stenhouse BSc(Hons) MBChB(Hons)

The new series of Crash Course continues to provide readers with complete coverage of the MBBS curriculum in an easy-to-read, user-friendly manner. Building on the success of previous editions, the new Crash Courses retain the popular and unique features that so characterised the earlier volumes. All Crash Courses have been fully updated throughout.

- More than 200 illustrations present clinical, diagnostic and practical information in an easy-to-follow manner
- Friendly and accessible approach to the subject makes learning especially easy
- Written by students for students - authors who understand exam pressures
- Contains 'Hints and Tips' boxes, and other useful aide-mémoires
- Succinct coverage of the subject enables 'sharp focus' and efficient use of time during exam preparation
- Contains a fully updated self-assessment section - ideal for honing exam skills and self-testing
- Fully updated self-assessment section - ideal for current examination practice!
- Includes useful 'Learning Objectives' at the start of each chapter.
- Includes enhanced artwork programme and improved radiological images.
- Fully updated to include feedback from hundreds of students!

Now celebrating over 10 years of success - Crash Course has been specially devised to help you get through your exams with ease.

Completely revised throughout, the new edition of Crash Course is perfectly tailored to meet your needs by providing everything you need to know in one place. Clearly presented in a tried and trusted, easy-to-use, format, each book in the series gives complete coverage of the subject in a no-nonsense, user-friendly fashion.

Commencing with 'Learning Objectives', each chapter guides you succinctly through the topic, giving full coverage of the curriculum whilst avoiding unnecessary and often confusing detail. Each chapter is also supported by a full artwork programme, and features the ever popular 'Hints and Tips' boxes as well as other useful aide-mémoires. All volumes contain an up-to-date self-assessment section which allows you to test your knowledge and hone your exam skills.

Authored by students or junior doctors - working under close faculty supervision
- each volume has been prepared by someone who has recently been in the exam
situation and so relates closely to your needs. So whether you need to get out of a
fix or aim for distinction *Crash Course* is for you!!

Editorial Review

Review

“The text is well spaced, and complemented with illustrations wherever appropriate. The layout is clear and logical. The language is simple and the facts are being presented almost in note form, which is a key feature of this series, enabling the student to absorb facts more easily without overwhelming the reader. And when you think you are ready for the exam you can test your knowledge by filling in multiple choice, short answers and extended matching questions...This series is the best way to prepare for an exam and I would recommend it to everyone. "Medical Student, Maastricht University, Netherlands (series review)

Users Review

From reader reviews:

Anna Harlow:

With other case, little individuals like to read book Crash Course Anatomy, 4e. You can choose the best book if you like reading a book. As long as we know about how is important a new book Crash Course Anatomy, 4e. You can add expertise and of course you can around the world by way of a book.
