The Forever Hero: Dawn for a Distant Earth, The Silent Warrior, In Endless Twilight By L. E. Modesitt Jr.

L. E. Modesitt, Jr's first major work was a trilogy of SF adventure novels published as paperback originals in the 1980s: *Dawn for a Distant Earth*, *The Silent Warrior*, and *In Endless Twilight*. Together they form *The Forever Hero*.

Thousands of years in the future, Earth is a desolate ruin. The first human ship to return in millennia discovers an abandoned wasteland inhabited only by a few degenerate or mutated human outcasts. But among them is a boy of immense native intelligence and determination who is captured, taken in, and educated, and disappears--to grow up to become the force behind a plan to make Earth flower again. He is, if not immortal, at least very long-lived, and he plans to build an independent power base out in the galaxy and force the galactic empire to devote centuries and immense resources to the restoration of the ecology of Earth.

A shocking novel of what could happen if the fanatical defense of the environment crossed the line into deadly terror. When environmental consultant Jack McDarvid's boss is killed in a shootout near the Capitol, McDarvid becomes enmeshed in a diabolical plot behind the scenes of the environmental movement.

Editorial Review

Review

“Modesitt provides the very best in science fiction--thrilling adventure viewed through the crucible of the human spirit.” *Romantic Times*

About the Author

L. E. Modesitt, Jr., is the bestselling author of the fantasy series The Saga of Recluce, Corean Chronicles, and the Imager Portfolio. His science fiction includes *Adiamante*, the Ecolitan novels, the Forever Hero Trilogy, and *Archform: Beauty*. Besides a writer, Modesitt has been a U.S. Navy pilot, a director of research for a political campaign, legislative assistant and staff director for a U.S. Congressman, Director of Legislation and Congressional Relations for the U.S. Environmental Protection Agency, a consultant on environmental, regulatory, and communications issues, and a college lecturer. He lives in Cedar City, Utah.

I

In the west wing of the tower of time, abandoned as it is by the keepers of the clock, lies an ancient key. Not an impressive long steel shaft is this key, but a small volume, a compendium of pages enameled against the ravages of the decades and the centuries.

The book has no title, no preface, no table of contents, nor any title embossed on its black spine, nor even printed pages evenly matched and marching end to end.

What is it, you ask?

That question must hold for another. The other question? What is the tower of time? For there are no towers left on Old Earth, only the rambling farms, the sweep of grass, the ramparts of the west mountains, and a few score towns nestled into their restored places in history. There is only a single shuttle field...without a tower. This tower of time rears backward into history, not into the dark starred nights that are so cold to one used to the light-strewn nights on planets that once belonged to the Empire. Backward into history, you say? How far?

Far enough. Back to the time when purple landspouts raged the high plains, back to the time when boulders fell like rain, and when the devilkids were the only beings who dared to run the hillocks outside the shambletowns....

Yes, that far. Back to the days of the captain....

The Myth of the Rebuilding

Alarde D'Lorina

New Augusta, 4539 N.E.C.
