In Search of the Romans By James Renshaw

In Search of the Romans is a lively and informative introduction to Roman history and society. Making extensive use of ancient sources and illustrated with over 100 photographs, drawings, maps and plans, it introduces six key areas of the Roman world: history, religion, society, entertainment, Pompeii, and Herculaneum. Each chapter can be read independently, although there are many cross-references and links between each of them.

There are also useful Appendices on the city of Rome, Roman politics, currency values, clothing, and the calendar. Review questions throughout the book challenge students to read further and reflect on some of the most important social, political and cultural issues of ancient Rome, as well as comparing them with those of their own society. Essential reading for teachers and students of Classical Civilisation, this book will also be of considerable interest to those involved in drama and citizenship courses.

Editorial Review

Review

Renshaw's work presents the history of Rome and its people in an accessible, student-friendly package. The language, although by no means simplistic, never becomes too technical and English translations always accompany Latin terms. He intersperses into the main body of the text a generous number of maps and images. These enhance, rather than detract from, the narrative as all visual sources appear on the same page as their description. The book is particularly strong in its use of Roman-era art and artifacts, along with modern reconstructions and schematics to complement the author's description of spaces and places such as sports venues, baths, and the city of Pompeii... Both students and instructors will benefit from this text. (*Bryn Mawr Classical Review*)

Users Review

From reader reviews:

Russell Love:

Here thing why this In Search of the Romans are different and trusted to be yours. First of all studying a book is good but it depends in the content of the usb ports which is the content is as yummy as food or not. In Search of the Romans giving you information deeper and different ways, you can find any guide out there but there is no reserve that similar with In Search of the Romans. It gives you thrill looking at journey, its open up your eyes about the thing that happened in the world which is maybe can be happened around you. You can easily bring everywhere like in recreation area, café, or even in your approach home by train. In case you are having difficulties in bringing the imprinted book maybe the form of In Search of the Romans in e-book can be your option.

Jean Spence:

Does one one of the book lovers? If so, do you ever feeling doubt if you are in the book store? Aim to pick one book that you find out the inside because don't judge book by its include may doesn't work is difficult job because you are scared that the inside maybe not while fantastic as in the outside seem likes. Maybe you answer is usually In Search of the Romans why because the wonderful cover that make you consider in regards to the content will not disappoint anyone. The inside or content is actually fantastic as the outside as well as cover. Your reading 6th sense will directly direct you to pick up this book.

Rodolfo Rodgers:

This In Search of the Romans is great e-book for you because the content which can be full of information for you who also always deal with world and still have to make decision every minute. This particular book reveal it info accurately using great plan word or we can say no rambling sentences inside it. So if you are read it hurriedly you can have whole details in it. Doesn't mean it only provides straight forward sentences but tough core information with splendid delivering sentences. Having In Search of the Romans in your hand like having the world in your arm, information in it is not ridiculous 1. We can say that no guide that offer you world throughout ten or fifteen tiny right but this publication already do that. So , it is good reading book. Heya Mr. and Mrs. busy do you still doubt in which?

Keely Charles:

Reading a book being new life style in this calendar year; every people loves to learn a book. When you study a book you can get a great deal of benefit. When you read ebooks, you can improve your knowledge, due to the fact book has a lot of information into it. The information that you will get depend on what kinds of book that you have read. If you want to get information about your examine, you can read education books, but if you want to entertain yourself you can read a fiction books, this sort of us novel, comics, in addition to soon. The In Search of the Romans provide you with a new experience in reading through a book.
