**Diagnostic Pathology: Molecular Oncology, 1e** By Mohammad A Vasef MD, Aaron Auerbach MD FRCPC Dipl. Epid.

This volume in the highly regarded *Diagnostic Pathology* series provides a **clearer understanding** of molecular pathology as it relates to the transformation and pathogenesis of cancer. *Diagnostic Pathology: Molecular Oncology* is the **first** reference to apply a **practical and clinical approach** to examining how molecular mutations affect common medical diseases. Additionally, it identifies the **relevant and appropriate molecular tests** to perform for a complete work-up in the era of molecular-targeted therapies. **Easy to use and packed with outstanding illustrations**, this is an essential resource for all pathologists or clinicians who need to keep up with the ever-evolving field of molecular medicine.

- **Up-to-date information** on a variety of topics
  - **Next-generation sequencing** for determining gene mutations
  - Diagnostic use of **soft tissue mutations**
  - Use of **solid tissue mutations** such as *EGFR*, *BRAF*, and *KRAS* for diagnosis and treatment of different carcinomas and melanoma
  - **Interpreting newly found mutations in hematopathology** such as *MYD88* mutations
  - Understanding **bioinformatics**
  - Guidance on selecting the right test(s) at the right time for the right patient
- Comparisons of **molecular testing methods** (i.e., FISH testing vs. cytogenetics)
- **More than 2,000 images** including H&E stains, immunostains, and FISH images
- **Expert Consult eBook version included with purchase** allows you to search all of the text, figures, and references from the book on a variety of devices

## **Editorial Review**

Review

### **2016 BMA Awards: Highly Commended, Pathology**

*"You must get this book. If you want a quick, concise, clear, and comprehensive, state-of-the-art book on molecular pathology, this is the one."* **Reviewed by** Valerie L. Ng, PhD MD (Alameda County Medical Center/Highland Hospital), Doody's Review Service

"...the overall quality of the book is excellent and it is highly recommended to pathologists as well as trainees as a great reference source."

*-Journal of Cytology and Histology, February 2016*

## **Users Review**

### **From reader reviews:**

#### **Rolando Gil:**

What do you ponder on book? It is just for students because they're still students or that for all people in the world, the particular best subject for that? Merely you can be answered for that problem above. Every person has various personality and hobby per other. Don't to be obligated someone or something that they don't desire do that. You must know how great as well as important the book Diagnostic Pathology: Molecular Oncology, 1e. All type of book are you able to see on many options. You can look for the internet sources or other social media.

#### **Toni Williams:**

In this 21st one hundred year, people become competitive in every way. By being competitive at this point, people have do something to make these survives, being in the middle of the crowded place and notice simply by surrounding. One thing that occasionally many people have underestimated it for a while is reading. Yeah, by reading a publication your ability to survive improve then having chance to stay than other is high. For yourself who want to start reading a book, we give you this Diagnostic Pathology: Molecular Oncology, 1e book as nice and daily reading book. Why, because this book is greater than just a book.

#### **Martha Doughty:**

The book untitled Diagnostic Pathology: Molecular Oncology, 1e contain a lot of information on the item. The writer explains your ex idea with easy technique. The language is very simple to implement all the

people, so do not necessarily worry, you can easy to read the item. The book was published by famous author. The author gives you in the new era of literary works. You can read this book because you can read more your smart phone, or gadget, so you can read the book within anywhere and anytime. In a situation you wish to purchase the e-book, you can open up their official web-site in addition to order it. Have a nice go through.

**Elda Ornelas:**

This Diagnostic Pathology: Molecular Oncology, 1e is brand new way for you who has intense curiosity to look for some information since it relief your hunger details. Getting deeper you into it getting knowledge more you know or you who still having bit of digest in reading this Diagnostic Pathology: Molecular Oncology, 1e can be the light food for you because the information inside this book is easy to get by means of anyone. These books develop itself in the form which can be reachable by anyone, sure I mean in the e-book form. People who think that in e-book form make them feel drowsy even dizzy this reserve is the answer. So there is not any in reading a publication especially this one. You can find what you are looking for. It should be here for you actually. So , don't miss that! Just read this e-book sort for your better life in addition to knowledge.
