Introductory and Intermediate Algebra (5th Edition) By Marvin L. Bittinger, Judith A. Beecher

The **Bittinger Worktext Series** recognizes that math hasn't changed, but students—and the way they learn math—have. This latest edition continues the Bittinger tradition of objective-based, guided learning, while also integrating timely updates to the proven pedagogy. This edition has a greater emphasis on guided learning and helping students get the most out of all of the resources available, including new mobile learning resources, whether in a traditional lecture, hybrid, lab-based, or online course.

Note: You are purchasing a standalone product; MyMathLab does not come packaged with this content. MyMathLab is not a self-paced technology and should only be purchased when required by an instructor. If you would like to purchase *both* the physical text and MyMathLab, search for:

0321951786 / 9780321951786 Introductory and Intermediate Algebra, Plus NEW MyMathLab with Pearson eText -- Access Card Package

Package consists of:

Editorial Review

About the Author

Marvin Bittinger has been teaching math at the university level for more than thirty-eight years. Since 1968, he has been employed at Indiana University Purdue University Indianapolis, and is now professor emeritus of mathematics education. Professor Bittinger has authored over 190 publications on topics ranging from basic mathematics to algebra and trigonometry to applied calculus. He received his BA in mathematics from Manchester College and his PhD in mathematics education from Purdue University. Special honors include Distinguished Visiting Professor at the United States Air Force Academy and his election to the Manchester College Board of Trustees from 1992 to 1999. Professor Bittinger has also had the privilege of speaking at many mathematics conventions, most recently giving a lecture entitled "Baseball and Mathematics." His hobbies include hiking in Utah, baseball, golf, and bowling. In addition, he also has an interest in philosophy and theology, in particular, apologetics. Professor Bittinger currently lives in Carmel, Indiana, with his wife Elaine. He has two grown and married sons, Lowell and Chris, and four granddaughters.

Judy Beecher has an undergraduate degree in mathematics from Indiana University and a graduate degree in mathematics from Purdue University. She has taught at both the high school and college levels with many years of developmental math and precalculus teaching experience at Indiana University–Purdue University Indianapolis. In addition to her career in textbook publishing, she spends time traveling, enjoying her grandchildren, and promoting charity projects for a children's camp.

Barbara Johnson has a BS in mathematics from Bob Jones University and a MS in math from Clemson University. She has taught high school and college math for 30 years, and enjoys the challenge of helping each student grow in appreciation for and understanding of mathematics. As a Purdue Master Gardener, she also enjoys helping others learn gardening skills. Believing that the best teacher is always learning, she recently earned a black belt in karate.

Users Review

From reader reviews:

Tom Moore:

In this 21st century, people become competitive in most way. By being competitive today, people have do something to make these survives, being in the middle of often the crowded place and notice by means of surrounding. One thing that occasionally many people have underestimated it for a while is reading. Yeah, by reading a guide your ability to survive improve then having chance to stand than other is high. To suit your needs who want to start reading a new book, we give you this specific Introductory and Intermediate Algebra (5th Edition) book as beginner and daily reading publication. Why, because this book is greater than just a book.

Jerry Smith:

Information is provisions for those to get better life, information presently can get by anyone in everywhere. The information can be a expertise or any news even an issue. What people must be consider when those information which is inside the former life are difficult to be find than now could be taking seriously which one is appropriate to believe or which one typically the resource are convinced. If you receive the unstable resource then you obtain it as your main information you will have huge disadvantage for you. All those possibilities will not happen inside you if you take Introductory and Intermediate Algebra (5th Edition) as the daily resource information.

Agatha Draper:

Reading a book tends to be new life style in this particular era globalization. With reading through you can get a lot of information which will give you benefit in your life. With book everyone in this world may share their idea. Textbooks can also inspire a lot of people. A great deal of author can inspire all their reader with their story as well as their experience. Not only the storyline that share in the guides. But also they write about advantage about something that you need example. How to get the good score toefl, or how to teach your children, there are many kinds of book which exist now. The authors on earth always try to improve their proficiency in writing, they also doing some exploration before they write for their book. One of them is this Introductory and Intermediate Algebra (5th Edition).

Michele Fernandez:

People live in this new day of lifestyle always attempt to and must have the spare time or they will get lot of stress from both daily life and work. So , if we ask do people have spare time, we will say absolutely sure. People is human not just a robot. Then we inquire again, what kind of activity have you got when the spare time coming to anyone of course your answer can unlimited right. Then ever try this one, reading publications. It can be your alternative inside spending your spare time, often the book you have read is definitely Introductory and Intermediate Algebra (5th Edition).
