Editorial Review

Amazon.com Review

"It can wear you to a nub, trying to be a popular person and a good Catholic all at the same time." So says Sidda, one of the characters inhabiting *Little Altars Everywhere*. Author Rebecca Wells uses her considerable acting talent to perform this abridgment, adding even more spark to her already lively characters. Everyone--Shep, Vivi, Willetta, and the rest--is given a distinct voice, and Wells plays each of them to the hilt. More like a recording of a one-woman show than a mere reading, *Altars* is an excellent example of how entertaining audiobooks can be. (Running time: 3 hours, 2 cassettes) --C.B. Delaney

From Publishers Weekly

The lineage of Wells's first novel can be traced directly to the "adult children" literature that has gained popularity in recent years. "I have one main rule for myself these days: Don't hit the baby. It means: Don't hurt the baby that is me. Don't beat up on the little one who I'm learning to hold and comfort . . .," Siddalee says in the book's final chapter. Her voice, like those of the lesser narrators (sister, two brothers, parents, grandmother, blacks who work for the family), sounds increasingly contrived as the book progresses. The structure doesn't help matters, allocating one or two chapters to most characters--in Part I showing Siddalee and her siblings as children in Louisiana in the 1960s, in Part II the same characters 30 years later. Attempts at black dialect or small-town Louisiana slang are also superficial. The entire book consists of retellings, with little room (or incentive) for readers to share the action. There are some wonderful sections, such as when the grandmother's lap dog has a "hysterectomy," then learns to put dolls to bed as if they were her children, but such moments cannot sustain the reader's interest through more than 200 pages.

From Library Journal

Wells's literary and theatrical talents are apparent in her account of the trials and triumphs of a fascinating but extremely dysfunctional family. Each chapter is told from the point-of-view of a different character, and Wells's provocative performance transforms the novel into a compelling one-woman show. Though Shep Walker, his wife, Vivi, and their four children derive a good living from Pecan Grove, 900 acres of rich Louisiana farmland, they are most successful at exacting and enduring suffering. Deceptively simple with its first-person narratives and everyday-language, the story explores such weighty issues as the loss of innocence, the traditional roles of women in the South, and the plight of farmers. Considering the phenomenal popularity of the companion novel, *The Divine Secrets of the Ya-Ya Sisterhood*, this is an essential purchase for all popular fiction collections.

From reader reviews:

Jeffrey Garner:

Spent a free time to be fun activity to complete! A lot of people spent their leisure time with their family, or their friends. Usually they undertaking activity like watching television, going to beach, or picnic inside the park. They actually doing same task every week. Do you feel it? Would you like to something different to fill your free time/ holiday? Can be reading a book is usually option to fill your free of charge time/ holiday. The

first thing that you will ask may be what kinds of e-book that you should read. If you want to test look for book, may be the e-book untitled Little Altars Everywhere: Novel, A (The Ya-Ya Series Book 2) can be fine book to read. May be it might be best activity to you.

Clyde Okane:

Precisely why? Because this Little Altars Everywhere: Novel, A (The Ya-Ya Series Book 2) is an unordinary book that the inside of the reserve waiting for you to snap it but latter it will distress you with the secret the idea inside. Reading this book adjacent to it was fantastic author who all write the book in such awesome way makes the content on the inside easier to understand, entertaining technique but still convey the meaning fully. So , it is good for you for not hesitating having this ever again or you going to regret it. This phenomenal book will give you a lot of advantages than the other book have got such as help improving your talent and your critical thinking approach. So , still want to delay having that book? If I had been you I will go to the publication store hurriedly.

Ed Abraham:

Are you kind of busy person, only have 10 or perhaps 15 minute in your day to upgrading your mind expertise or thinking skill perhaps analytical thinking? Then you are having problem with the book in comparison with can satisfy your short space of time to read it because all of this time you only find guide that need more time to be read. Little Altars Everywhere: Novel, A (The Ya-Ya Series Book 2) can be your answer because it can be read by you who have those short extra time problems.

Wayne Robinson:

What is your hobby? Have you heard that will question when you got scholars? We believe that that concern was given by teacher to their students. Many kinds of hobby, Everyone has different hobby. And you also know that little person including reading or as looking at become their hobby. You need to know that reading is very important and book as to be the issue. Book is important thing to include you knowledge, except your teacher or lecturer. You get good news or update regarding something by book. Different categories of books that can you choose to adopt be your object. One of them is Little Altars Everywhere: Novel, A (The Ya-Ya Series Book 2).
