The Broken Window: A Lincoln Rhyme Novel By Jeffery Deaver

Quadriplegic detective Lincoln Rhyme is back in a chilling new thriller from the master of suspense, Jeffery Deaver. When Rhyme's cousin is accused of murder, he and partner Amelia Sachs return to face a criminal whose ingenious staging of crimes is enabled by a terrifying access to information...

When Lincoln's estranged cousin Arthur Rhyme is arrested on murder charges, the case is perfect—too perfect. Forensic evidence from Arthur's home is found all over the scene of the crime, and it looks like the fate of Lincoln's relative is sealed.

At the behest of Arthur's wife, Judy, Lincoln grudgingly agrees to investigate the case. Soon Lincoln and Amelia uncover a string of similar murders and rapes with perpetrators claiming innocence and ignorance—despite ironclad evidence at the scenes of the crime. Rhyme's team realizes this “perfect” evidence may actually be the result of masterful identity theft and manipulation.

An information service company—the huge data miner Strategic Systems Databcorp—seems to have all the answers but is reluctant to help the police. Still, Rhyme and Sachs and their assembled team begin uncovering a chilling pattern of vicious crimes and cover-ups, and their investigation points to one master criminal, whom they dub “522.”

When “522” learns the identities of the crime-fighting team, the hunters become the hunted. Full of Deaver's trademark plot twists, *The Broken Window* will put the partnership of Lincoln Rhyme and Amelia Sachs to the ultimate test.

Editorial Review

From Publishers Weekly

In bestseller Deaver's entertaining eighth Lincoln Rhyme novel (after *The Cold Moon*), Rhyme, a forensic consultant for the NYPD, and his detective partner, Amelia Sachs, take on a psychotic mastermind who uses data mining—the business of the twenty-first century—not only to select and hunt down his victims but also to frame the crimes on complete innocents. Rhyme is reluctantly drawn into a case involving his estranged cousin, Arthur, who's been charged with first-degree murder. But when Rhyme and his crew look into the strange set of circumstances surrounding his cousin's alleged crime, they discover tangential connections to a company that specializes in collecting and analyzing consumer data. Further investigation leads them to some startlingly Orwellian revelations: Big Brother is watching your every move and could be a homicidal maniac. The topical subject matter makes the story line particularly compelling, while longtime fans will relish Deaver's intimate exploration of a tragedy from Rhyme's adolescence. (*June*)

From [Booklist](#)

As the Lincoln Rhyme series rolls along, the quadriplegic criminalist's cases keep getting more and more elaborate. *The Cold Moon* (2006) was extremely intricate, but this one tops it. Lincoln's cousin has been arrested for murder. The case seems airtight, but when he looks into it, Rhyme begins to suspect that he has stumbled onto an especially devious serial killer, one who uses cutting-edge data-mining techniques to steal the identities of his victims and of the innocent people he frames for his crimes. Rhyme is perhaps the best and smartest investigator in the game, but how do you catch a killer when you don't know anything about him? If a large part of writing a mystery is like making a puzzle, then Deaver may just be the cleverest puzzle maker in the business. He has built his reputation on the strength of well-drawn characters; hyperrealistic dialogue (you don't read it, you hear it); and right-angle plot twists that are impossible to predict. There is no one quite like Deaver—or like Lincoln Rhyme. --David Pitt

About the Author

Jeffery Deaver is the international, #1 bestselling author of more than twenty-seven suspense novels, including *The Bone Collector*, which was made into a film starring Denzel Washington. He lives in North Carolina.

Users Review

From reader reviews:

Martin Sanchez:
