Each scenario also includes a Hook, which you can use as inspiration for your own stories as well. Each group of foes is based in a different area of the Dominions and evenly distributed across the lands, giving your party opposition in each major nation of the setting. However, you can relocate them to countries work better for your campaign. In addition you find an Appendix, dedicated to players, to play the mysterious Disciples of the Black Temple, a sect of dark sorcerers with an even darker master.
