From the Publisher

A generation ago Prentice Hall's Twentieth Century Views series set the standard for truly useful collections of literary criticism on widely studied authors. These collections of essays, selected and introduced by distinguished scholars, made the most informative and provocative critical work on each writer easily available to students, scholars, and the general public. Now the New Century Views series, co-edited by Richard Brodhead and Maynard Mack, offers volumes of the same excellence for the contemporary moment. Each volume captures and makes accessible the most stimulating critical writing of our time on crucial literary figures of the past and present. Also included in each is an introduction to the author's life and work, a chronology of important dates, and a selected bibliography.
