The Dead-Tossed Waves (Forest of Hands and Teeth) By Carrie Ryan

Gabry lives a quiet life, secure in her town next to the sea and behind the Barrier. She's content to let her friends dream of the Dark City up the coast--home is all she's ever known and all she needs for happiness.

But life after the Return is never safe.

Gabry's mother thought she left her secrets behind in the Forest of Hands and Teeth, but like the dead in their world, secrets don't stay buried. And now, Gabry's world is crumbling.

In one reckless moment, half of Gabry's generation is dead, the other half imprisoned.

Now Gabry knows only one thing: if she has any hope of a future, she must face the forest of her mother's past.

Editorial Review

From School Library Journal

Grade 9 Up—Timid, thoughtful Gabry has grown up safely in the city of Vista. She lives in a lighthouse with her mother, Mary, the daring heroine of *The Forest of Hands and Teeth* (Delacorte, 2009), whose job it is to kill Mudo—zombies—as they wash ashore. Then one night, Cira, Gabry's best friend, and Catcher, Cira's brother, convince her to sneak outside Vista's walls. With the attack of one Breaker—a fast zombie—everything changes: a friend is killed, Catcher is infected, and Cira is imprisoned and destined for the Recruiters, the army that protects the loose federation of cities left after the Return. Feeling both guilty for having escaped punishment and self-destructive after the revelation that Mary in fact adopted her, Gabry pushes herself to cross the city's Barrier again. Some pieces of the narrative are well constructed: the constant, looming threat of the Mudo, Gabry's quiet determination and daring in the face of fear, and villainous soldier Daniel's palpably frightening power-grabbing sexual advances. Other details are less believable, like Mary's suddenly abandoning her daughter and her duties to seek her past in the Forest. Though flawed, this volume has enough action, romance, and depth of character to satisfy, and the cliff-hanger ending will leave fans hungry for the third book.—*Megan Honig, New York Public Library*

From [Booklist](#)

The Forest of Hands of and Teeth (2009) spliced classic zombie mythos into a world that was one part postapocalypse and one part colonial America and drove the plot with a healthy surge of teen hormones. This companion piece, which features some returning characters in minor roles, involves another discontented young woman, Gabry. Life within her walled town is shattered when a group of her friends step past the border and are attacked by the Mudo (that's zombies to you and me). A series of calamities results in a third act much like the one in *Forest*: Gabry flees through an unknown wilderness with companions including potential new paramour Elias and former crush Catcher, who may be immune to the Mudo's bite. Though her reliance on sentence fragments is a bit irksome, Ryan knows how to put together an action scene; the final pages are especially thrilling. Savvy readers may scoff at the constant lusty going on amid the carnage, but fans of *Forest* will be happy to find a familiar flesh-eating formula. Grades 9-12. --Daniel Kraus

Review

Ryan certainly knows how to write 'good' zombies as realistic and menacing as they can get british Fantasy Society

Users Review

From reader reviews:

Rose Cotner:

This book untitled *The Dead-Tossed Waves (Forest of Hands and Teeth)* to be one of several books that best seller in this year, honestly, that is because when you read this publication you can get a lot of benefit on it. You will easily to buy this book in the book shop or you can order it by way of online. The publisher in this book sells the e-book too. It makes you more easily to read this book, since you can read this book in your Touch screen phone. So there is no reason to your account to past this publication from your list.

Leo Osborne:

Spent a free the perfect time to be fun activity to complete! A lot of people spent their leisure time with their family, or their particular friends. Usually they doing activity like watching television, planning to beach, or picnic inside the park. They actually doing same task every week. Do you feel it? Do you want to something different to fill your current free time/ holiday? May be reading a book could be option to fill your no cost time/ holiday. The first thing you will ask may be what kinds of book that you should read. If you want to try out look for book, may be the publication untitled The Dead-Tossed Waves (Forest of Hands and Teeth) can be great book to read. May be it may be best activity to you.

Katherine Ouellette:

People live in this new day time of lifestyle always make an effort to and must have the extra time or they will get lots of stress from both everyday life and work. So , once we ask do people have spare time, we will say absolutely sure. People is human not really a robot. Then we question again, what kind of activity are you experiencing when the spare time coming to you of course your answer can unlimited right. Then do you try this one, reading textbooks. It can be your alternative inside spending your spare time, often the book you have read is definitely The Dead-Tossed Waves (Forest of Hands and Teeth).

Mary Sexton:

Do you like reading a reserve? Confuse to looking for your chosen book? Or your book had been rare? Why so many problem for the book? But any people feel that they enjoy with regard to reading. Some people likes looking at, not only science book but in addition novel and The Dead-Tossed Waves (Forest of Hands and Teeth) or maybe others sources were given know-how for you. After you know how the fantastic a book, you feel need to read more and more. Science book was created for teacher or maybe students especially. Those textbooks are helping them to put their knowledge. In some other case, beside science reserve, any other book likes The Dead-Tossed Waves (Forest of Hands and Teeth) to make your spare time far more colorful. Many types of book like here.
