The Telling Bee By Lynne Steffy

The Telling Bee was designed to encourage children to disclose abuse or bullying. Many children endure the pain of being abused or bullied without disclosing the abuse to adults who can support them and protect them from future abuse. Unfortunately, when children do disclose abusive experiences, they are not always listened to or protected. The Telling Bee explains the importance of disclosure and teaches children that they may need to reach out to more than one adult before they are helped.

In The Telling Bee, the main character, Carrot, a lovable little bee, is hurt by a bigger bee. Carrot decides to tell what happened in an effort to get help for himself. He tells, but is not heard or helped. The brave little bee continues to tell his story until he eventually comes across a slow-moving turtle who has the time and the ability to help Carrot be safe.

Editorial Review

About the Author

Lynne Steffy BA, BSW, MSW, RSW, Canadian Play Therapy Training Levels 1 & 2

Lynne Steffy acquired her Masters degree in clinical social work from Carleton University in Ottawa, Ontario. Lynne also received training in child play therapy from the Canadian Association for Child and Play Therapy. She is currently employed as a child therapist at Mosaic Counselling and Family Services in Kitchener, Ontario, and as a case manager at the Canadian Mental Health Association in Woodstock, Ontario. Lynne has gained broad experience in clinical counselling with adults and children, and has facilitated therapeutic groups for children and worked with children in crisis.

Many therapists use narrative therapy to reach children with complex emotional and behavioural issues. Lynne has found it to be an astoundingly effective method. During the course of her work with troubled children in a wide range of clinical settings, Lynne realized that there was a need for more child-focused, therapeutic material to assist therapists, teachers, and parents in their work with children.

Lynne's Felt Feeling series of therapeutic children's books was written to address this need.
