Executive Outcomes Graphic Novel By Nick Bicanic, M. Zachary Sherman

War doesn't determine who's right.
War determines who's left.

Major Cobus Claassens commands a team of 150 mercenaries contracted to bring stability to the war-torn West African country of Sierra Leone. Battling overwhelming odds, Cobus and his men train and fight alongside a small contingent of soldiers against a murderous band of 15,000 rebel fighters bent on genocide. But, no amount of soldiering has prepared the men for the vicious arena of butchery, treachery, and mounting political pressure they experience while trying to do what is just. What difference does winning make if they lose their humanity in the process?

Based on a true story and written by **Nick Bicanic** the Director and Producer of the 4x LEO award-winning documentary about mercenaries, *Shadow Company*, with a script written by **M. Zachary Sherman** (America's Army), and art by **Emmanuel Xerx Javier** (Nightbreed), *Executive Outcomes* is a politically charged, action-packed story that captures the real-life events of a few good men accomplishing impossible deeds.

Editorial Review

From the Author

I have had the good fortune of a life that exposed me to multiple aspects of human experience. From the hallowed halls of academia in the University of Cambridge to the horrors of civil war in the former Yugoslavia.

So when I was at a post-screening Q&A of Shadow Company - my documentary about modern day mercenaries - I was stunned to get this question from a lady in the 2nd row.

"How dare you make them human?"

The answer, of course, is that the world is one giant gray area. There is no simple dividing line between black and white or good and evil. The idea that men with guns are somehow evil is as absurd as assuming that all men without guns are good.

My storytelling intentions have never been to vilify or glorify. When your youth has given you two contrasting perspectives of conflict and reality you cannot unsee the importance of either of them.

My goals have always been to educate and entertain while telling a story. An honest story about one of the oldest professions in the world - soldiers for hire. I did that with the documentary - and I did it again with this book. As a viewer/reader I like to be given the respect that I can make up my own mind when presented with a bunch of opinions and facts.

I hope you do too.

Thanks to a dude named Zack who convinced me that we could make a cool graphic novel that could stand alone. He was right.

Thanks to my parents for always worrying about what I was up to - but always encouraging me to do it anyway. Yes mother - the sharks won't eat me if there are turtles around.

Thanks to Cobus for trusting me to share the story of him and his men with the respect they have earned.

Last but not least thanks to a pixie who stood/sat/slept by me through many nights of editing and writing and who reminded me what strong female characters are supposed to sound like, look like and feel like.
