Physical Management for Neurological Conditions E-Book: [Formerly Physical Management in Neurological Rehabilitation E-Book] (Physiotherapy Essentials) From Churchill Livingstone

The third edition of this popular textbook - formerly *Physical Management in Neurological Rehabilitation* and now renamed ***Physical Management for Neurological Conditions*** - maintains its scientific and research base with extensive use of references and case studies. It is the only book for physiotherapists that offers a comprehensive overview of the basic principles of neurological rehabilitation, specific neurological / neuromuscular conditions and the related physiotherapy treatment approaches used.

Important areas which feature throughout are discussed in relation to the different neurological conditions and include:

- a non-prescriptive, multidisciplinary, problem-solving approach to patient management
- involvement of the patient and carer in goal-setting and decision-making (client-centred practice)
- use of outcome measures to evaluate the effects of treatment in everyday practice
- use of case studies to illustrate clinical practice
- scientific evidence of treatment effectiveness
- Additional specialist editor – Dr Emma Stack
- Refined content but with the inclusion of 4 brand new chapters:
 - an introductory chapter on rehabilitation in practice
 - one on respiratory management
 - and two covering self management and falls under the section entitled Skill Acquisition and Learning
- 11 new expert contributors join the reduced contributor team of 31
