The Mormon Mirage: A Former Member Looks at the Mormon Church Today By Latayne C. Scott

In the first edition of *The Mormon Mirage*, Latayne C. Scott shared her remarkable journey out of Mormonism as she uncovered shocking inaccuracies, inconsistencies, and contradictions in the faith she had loved and lived. Thirty years later, Mormonism and Mormon scholarship have evolved with the times. In this third, revised and updated edition of her well-known book, Scott keeps pace with changes and advances in Mormonism, and reveals formidable new challenges to its claims and teachings. *The Mormon Mirage* provides fascinating, carefully documented insights into • DNA research’s withering implications for the Book of Mormon • the impact of new “revelations” on Latter-day Saint (LDS) race relations • new findings about Mormon history • increasing publicity about LDS splinter groups, particularly polygamous ones • recent disavowals of long-held doctrines by church leadership • the rise of Mormon apologetics on the Internet More than a riveting, insider’s scrutiny of the Mormon faith, this book is a testimony to the trustworthiness of Scripture and the grace of Jesus Christ.

Editorial Review

Review

*Latayne Scott is a gifted writer with a thorough knowledge of Mormonism. The book is filled not only with excellent information, but keen analysis. Moreover, she demonstrates genuine kindness and empathy toward Latter-day Saints, based on her positive experiences growing up in the LDS Church...The additional material provides excellent insight into current trends and problematic issues facing the Mormon world. Ms. Scott is very tuned in to the current climate, and she addresses all of the key issues and debates. People often ask me to recommend books on Mormonism. This one has risen to the top of my list. --Ross Anderson, author of **Understanding the Book of Mormon***

After reading Latayne Scott's *The Mormon Mirage*, I would say she has done the most complete analysis of the history and contemporary scene of the LDS religious movement. I recommend it highly. --Jackie Stearsman, Director, Florida School of Preaching

Review

*After reading Latayne Scott's *The Mormon Mirage*, I would say she has done the most complete analysis of the history and contemporary scene of the LDS religious movement. I recommend it highly.*

Her book presents one of the most complete treatments of Mormon theology that I've read in some time. It is thorough, historically accurate, well researched and documented with up to date evidence that substantiates even further the falseness and deceptiveness of Mormonism. Her presentation of the errors of Mormonism is admirably balanced by her honest portrayal of not only the positive values of the Mormon Church, but in sharing her soul-wrenching resolve to leave the religion she had so loved, to embrace only Biblical truths - a heart-tugging decision that I can well identify with.

Review

I highly recommend Latayne Scott's comprehensive, well phrased, to-the-point, yet not vindictive treatment of what is very dear to her heart, with great concern for Mormons, but criticism of Mormonism.
