Effective Objective-C 2.0: 52 Specific Ways to Improve Your iOS and OS X Programs (Effective Software Development Series) By Matt Galloway

Write Truly Great iOS and OS X Code with Objective-C 2.0!

Effective Objective-C 2.0 will help you harness all of Objective-C's expressive power to write OS X or iOS code that works superbly well in production environments. Using the concise, scenario-driven style pioneered in Scott Meyers' best-selling *Effective C++*, Matt Galloway brings together 52 Objective-C best practices, tips, shortcuts, and realistic code examples that are available nowhere else.

Through real-world examples, Galloway uncovers little-known Objective-C quirks, pitfalls, and intricacies that powerfully impact code behavior and performance. You'll learn how to choose the most efficient and effective way to accomplish key tasks when multiple options exist, and how to write code that's easier to understand, maintain, and improve. Galloway goes far beyond the core language, helping you integrate and leverage key Foundation framework classes and modern system libraries, such as Grand Central Dispatch.

Coverage includes

- Optimizing interactions and relationships between Objective-C objects
- Mastering interface and API design: writing classes that feel "right at home"
- Using protocols and categories to write maintainable, bug-resistant code
- Avoiding memory leaks that can still occur even with Automatic Reference Counting (ARC)
- Writing modular, powerful code with Blocks and Grand Central Dispatch
- Leveraging differences between Objective-C protocols and multiple inheritance in other languages
- Improving code by more effectively using arrays, dictionaries, and sets
- Uncovering surprising power in the Cocoa and Cocoa Touch frameworks

Editorial Review

About the Author

Matt Galloway is a software engineer and programming enthusiast specializing in mobile app development. He studied engineering at the University of Cambridge, England, and graduated in 2007 specializing in electrical and information sciences. He owns a consultancy, Swipe Stack Ltd., and answers questions about Objective-C, iOS, and Mac programming on Stack Overflow (stackoverflow.com).

Users Review

From reader reviews:

Susan Burroughs:

The particular book Effective Objective-C 2.0: 52 Specific Ways to Improve Your iOS and OS X Programs (Effective Software Development Series) will bring you to the new experience of reading a book. The author style to elucidate the idea is very unique. In case you try to find new book you just read, this book very suited to you. The book Effective Objective-C 2.0: 52 Specific Ways to Improve Your iOS and OS X Programs (Effective Software Development Series) is much recommended to you you just read. You can also get the e-book in the official web site, so you can more easily to read the book.

Kenisha Perkins:

Effective Objective-C 2.0: 52 Specific Ways to Improve Your iOS and OS X Programs (Effective Software Development Series) can be one of your beginner books that are good idea. Many of us recommend that straight away because this e-book has good vocabulary which could increase your knowledge in language, easy to understand, bit entertaining but nevertheless delivering the information. The copy writer giving his/her effort to get every word into joy arrangement in writing Effective Objective-C 2.0: 52 Specific Ways to Improve Your iOS and OS X Programs (Effective Software Development Series) nevertheless doesn't forget the main point, giving the reader the hottest as well as based confirm resource info that maybe you can be one among it. This great information can certainly drawn you into brand-new stage of crucial pondering.

Kim Gray:

The book untitled Effective Objective-C 2.0: 52 Specific Ways to Improve Your iOS and OS X Programs (Effective Software Development Series) contain a lot of information on this. The writer explains her idea with easy technique. The language is very clear and understandable all the people, so do not really worry, you can easy to read the item. The book was authored by famous author. The author gives you in the new period of literary works. It is possible to read this book because you can read on your smart phone, or product, so you can read the book with anywhere and anytime. If you want to buy the e-book, you can wide open their official web-site and also order it. Have a nice learn.

Richard Lamm:

A lot of people said that they feel weary when they reading a reserve. They are directly felt this when they get a half elements of the book. You can choose the particular book Effective Objective-C 2.0: 52 Specific Ways to Improve Your iOS and OS X Programs (Effective Software Development Series) to make your own reading is interesting. Your personal skill of reading ability is developing when you such as reading. Try to choose easy book to make you enjoy to read it and mingle the feeling about book and examining especially. It is to be 1st opinion for you to like to available a book and study it. Beside that the e-book Effective Objective-C 2.0: 52 Specific Ways to Improve Your iOS and OS X Programs (Effective Software Development Series) can to be your brand new friend when you're feel alone and confuse with the information must you're doing of their time.
