## Adobe Photoshop Lightroom CC/6 - The Missing FAQ - Real Answers to Real Questions Asked by Lightroom Users By Victoria Bampton

**Bonus!** Register your paperback book with the author (details inside the book - paperback only) to get complimentary Premium Membership to the Lightroom Queen website. This gives you access to all the eBook formats of this book at no extra cost and email support from Victoria herself.

Adobe Lightroom CC/6 - The Missing FAQ is primarily designed as a 600+ page **conversational FAQ-style reference book**, giving you the detailed information you need to make informed choices, whether you've been using Lightroom for a few months or a few years. No more pressing buttons without understanding the repercussions!

The book covers both Lightroom CC (the subscription version) and Lightroom 6 (the perpetual license).

Unlike most other Lightroom books, this isn't just the theory of how Lightroom's supposed to work, but also the **workarounds and solutions** for the times when it doesn't behave the way you'd expect.

For less experienced users, the **Fast Track** weaves its way through the book, with short tutorials that guide you through a simple workflow, allowing you to gain confidence before diving into the more advanced questions. To get a taste of Victoria's writing style, download the **free Quick Start eBook** from the Lightroom Queen website.

For many years, the Adobe Lightroom - The Missing FAQ books have been among the most popular Lightroom books available. The LR CC/6 version is a **major rewrite** that's taken 2 years to complete, and it's the best yet. The information is now easier for less experienced users to understand, and easier to find using the comprehensive **new index**. If you've read previous versions, don't worry, all of the advanced information is still there and has been expanded too. The paperback's even more readable having been produced in **color print** for the

first time (it's a thick matte paper, so it's much better than the previous B&W print).

### **Editorial Review**

#### **About the Author**

Hi, my name's Victoria Bampton, and I'm the author of the 'Adobe Lightroom- The Missing FAQ' series of books. I'm an Adobe Community Professional and Certified Expert, but more importantly, I'm a real user, just like you. You probably recognize my name from one of the many Lightroom or other photographic forums I frequent. I love spending time helping Lightroom users get the best out of the software!

That's where this book started - certain questions come up repeatedly on the forums, and none of the available books seem to answer them - or if they do, you have to read the entire book to find the answer.

I wanted to be able to recommend an easy reference book - one that you can pick up and skip straight to the answer you're looking for - but there wasn't one. Instead, I sat down and compiled a list of questions directly from the forums, and wrote jargon-free answers as if I was answering a user on the forums. This is the information you actually want to know, in an easy reference format. It's as simple as that!

### **Users Review**

#### **From reader reviews:**

##### **Wendy Brame:**

Information is provisions for anyone to get better life, information these days can get by anyone at everywhere. The information can be a know-how or any news even a problem. What people must be consider when those information which is within the former life are challenging be find than now's taking seriously which one works to believe or which one the actual resource are convinced.
