The Empiricists (History of Western Philosophy) By R. S. Woolhouse

"One of the great historic controversies in philosophy," according to Bertrand Russell, is that between empiricists--"best represented by the British philosophers, Locke, Berkeley, and Hume"--and rationalists. This book sets the empiricists in their contemporary and cultural context, examines their various approaches to philosophy, and highlights the significance of their ideas to 20th-century thinking. By focusing on what the "empiricists" actually have to say, rather than on their classification as such, Woolhouse incidentally shows how unreliable these conventional labels can be.

Editorial Review

Review

"Among the strengths of the book is Woolhouse's treatment of empiricism as both a theory and a methodology. He accurately notes, for example, that Bacon was primarily motivated by empiricism as a method of inquiry while others, like Locke, provided more theoretical accounts of the view called "empiricism"....In addition, the book is easy to read, and although of necessity it contains a great deal of philosophical jargon, that jargon is almost always explained in such a way as to make it comprehensible to an educated reader....Ideal for a graduate student who is preparing for general exams in the history of philosophy, or for an instructor who, after a long time of not teaching such material, is looking for a good source covering the major issues that might be treated in an undergraduate course whose focus is on empiricism." *Teaching Philosophy*

From the Back Cover

'One of the great historic controversies in philosophy' was how Bertrand Russell described the ideological conflict between rationalist and empiricists-the conflict between reason and experience as sources of knowledge and ideas.

About the Author

R. S. Woolhouse is Reader in Philosophy at the University of York.

Users Review

From reader reviews:

Hubert Ray:

Why don't make it to become your habit? Right now, try to prepare your time to do the important work, like looking for your favorite publication and reading a publication.
