The OK Book By Amy Krouse Rosenthal

In this clever and literal play on words, OK is turned on its side, upside down, and right side up to show that being OK can really be quite great. Whether OK personifies an OK skipper, an OK climber, an OK lightning bug catcher, or an OK whatever there is to experience, ok is an OK place to be. And being OK just may lead to the discovery of what makes one great.

With spare yet comforting illustrations and text, Amy Krouse Rosenthal and Tom Lichtenheld celebrate the real skills and talents children possess, encouraging and empowering them to discover their own individual strengths and personalities.

Editorial Review

From Publishers Weekly

Go ahead and enjoy doing things even if you're just OK at them, this friendly concept book advises. Lichtenheld (*What Are You So Grumpy About?*) sets aside the color spreads of his previous titles for simple line drawings based on a visual pun. The book's hero is a little stick figure whose head is the O of OK, and whose arms and legs are the K. (Imagine the word OK tipped up on its side.) The scenery is similarly minimal: a black horizon line, a squiggly tree, some grass. I like to try a lot of different things, the OK figure says. I'm not great at all of them, but I enjoy them all the same. On each succeeding page, the stick figure turns in a series of OK performances, roasting a marshmallow, cutting a sandwich not really in half (I'm an OK sharer), and looking at the result of his fishing—a tangle of seaweed and a boot. One day, I'll grow up to be really excellent at something, OK says, while lying in bed. I don't know what it is yet... but I sure am having fun figuring it out. In this age of skateboarding championships and spelling bee movies, it can't hurt to remind kids that the pleasure we take in simple activities is what makes life worthwhile. All ages. Users Review

From reader reviews:

Linda Manuel:

With other case, little individuals like to read book The OK Book. You can choose the best book if you love reading a book. So long as we know about how is important a book The OK Book. You can add knowledge and of course you can around the world by way of a book. Absolutely right, due to the fact from book you can recognize everything! From your country until foreign or abroad you will find yourself known. About simple thing until wonderful thing you are able to know that. In this era, we are able to open a book or maybe searching by internet unit. It is called e-book. You can use it when you feel weary to go to the library. Let's examine.

Robert Maselli:

Now a day individuals who Living in the era exactly where everything reachable by connect with the internet and the resources included can be true or not involve people to be aware of each info they get. How people have to be smart in having any information nowadays? Of course the answer is reading a book. Looking at a book can help individuals out of this uncertainty Information specially this The OK Book book because this book offers you rich details and knowledge. Of course the data in this book hundred per-cent guarantees there is no doubt in it you probably know this.

Susan Hare:

Do you have something that that suits you such as book? The book lovers usually prefer to choose book like comic, short story and the biggest you are novel. Now, why not seeking The OK Book that give your pleasure preference will be satisfied through reading this book. Reading behavior all over the world can be said as the way for people to know world considerably better then how they react in the direction of the world. It can't be stated constantly that reading behavior only for the geeky person but for all of you who wants to become success person. So , for all of you who want to start studying as your good habit, you are able to pick The OK Book become your own starter.

Hope Giles:

This The OK Book is great guide for you because the content which is full of information for you who always deal with world and get to make decision every minute. This kind of book reveal it details accurately using great plan word or we can point out no rambling sentences in it. So if you are read the item hurriedly you can have whole facts in it. Doesn't mean it only offers you straight forward sentences but difficult core information with splendid delivering sentences. Having The OK Book in your hand like getting the world in your arm, details in it is not ridiculous just one. We can say that no reserve that offer you world in ten or fifteen tiny right but this reserve already do that. So , this really is good reading book. Heya Mr. and Mrs. hectic do you still doubt which?
