They have always scared him in the past—the Rangers, with their dark cloaks and shadowy ways. The villagers believe the Rangers practice magic that makes them invisible to ordinary people. And now 15-year-old Will, always small for his age, has been chosen as a Ranger's apprentice. What he doesn't yet realize is that the Rangers are the protectors of the kingdom. Highly trained in the skills of battle and surveillance, they fight the battles before the battles reach the people. And as Will is about to learn, there is a large battle brewing. The exiled Morgarath, Lord of the Mountains of Rain and Night, is gathering his forces for an attack on the kingdom. This time, he will not be denied. . . .

Tolkien's *Lord of the Rings*, T.H. White's *The Sword in the Stone*, Christopher Paolini's *Eragon* series, and George R. R. Martin's *Game of Thrones / A Song of Ice and Fire* series.

Editorial Review

From School Library Journal

Grade 4-8—A strong debut in a new fantasy series. Will hopes to become a knight; instead, he winds up as a Ranger's apprentice, joining the secretive corps that uses stealth, woodcraft, and courage to protect the kingdom. His aptitude and bravery gradually earn the respect of his gruff but good-hearted master. When the kingdom is attacked by evil magic forces, Will helps track down and defeat a couple of particularly nasty beasts. This closing episode sets the stage for a good-versus-evil war that will likely be at the heart of future volumes. In this opener, though, most of the story focuses on the learning process that Will goes through as an apprentice. Descriptions of Ranger craft are fascinating. Exciting confrontations with bullies and wild boars help to establish the boy's emerging character. Side stories involving a rival Battleschool apprentice and the identity of Will's father are woven in smoothly. The author occasionally spells things out more than is needed when actions demonstrate them clearly enough. However, the well-paced plot moves effortlessly toward the climax, letting readers get to know the world and the characters gradually as excitement builds. The public adoration Will gains at the end seems slightly overdone given the established distrust people feel for Rangers, but it's still a pleasing finish and should leave readers eager to share the future adventures of the Ranger's apprentice.—*Steven Engelfried, Beaverton City Library, OR*

Starred Review Gr. 5-8. Like the other 15-year-old wards of Castle Redmont, Will is nervous about Choosing Day, when each of them will be assigned to a different master for training. Though his dearest wish is to enter the Battleschool, his small stature prevents it. Instead, Will is apprenticed to the grim-faced, mysterious Ranger. Soon Will learns that becoming a ranger is more difficult, dangerous, and worthwhile than he had imagined. He earns the respect of his elders and the friendship of a former foe, but all this is prelude to the great adventure that follows, when his skills wielding a knife and keeping a heightened awareness of his surroundings become vital to the survival of his mentor and the safety of the kingdom. The last few years have seen the publication of many fantasies, but few have the appeal of this original story. Rather than creating a host of strange creatures and magical powers, Flanagan concentrates on character, offering readers a young protagonist they will care about and relationships that develop believably over time. Will's world is a colorful place, threatened by an evil warlord and his fierce minions, but it's the details of everyday living and the true-to-life emotions of the people that are memorable. Children will definitely look forward to the next adventure in the Ruins of Gorlan series. *Carolyn Phelan*
