Across The Plains By R. L. Stevenson

If you've only read Robert Louis Stevenson's adventure novels, you may be surprised to find he was also an accomplished travel writer and essayist. In this collection, first published in book form in 1882, Stevenson takes us on a series of journeys based on events in the author's own short but memorable life. "Across the Plains" is an account of crossing North America via the New York-San Francisco railway. "The Old Pacific Capitol" takes the reader to the old Mexican town of Monterrey, California. Stevenson transports us to an artists' colony in France and the wild Scottish coast of Fife; other essays look at such various topics as begging, the role of education, and the human condition. Throughout, Stevenson conveys the same sense of adventure and zest for life that makes his fiction so memorable. Across the Plains is a treat for Stevenson fans and newcomers alike.

About the Author

Robert Louis Stevenson was intended by his father to be an engineer, trained as a lawyer, and became a writer of stories of high adventure. They were devalued by the modernists but have come to be taken much more seriously by critics in recent years. Stevenson had poor health his whole life, but he still lived a life of adventure, spending many of his last years at sea in the South Pacific. He died at 44 and was buried on the Samoan island of Upolu.

Users Review

From reader reviews:
