Clinical Examination By Nicholas J. Talley, Simon O'Connor

Please note that this eBook does not include the DVD accompaniment. If you would like to have access to the DVD content, please purchase the print copy of this title.

The sixth edition of *Clinical Examination* continues to serve all medical trainees with a clear explanation of history taking and clinical examination. Set out systematically, this best selling textbook has comprehensive coverage of the skills necessary for clinically evaluating patients. Thoroughly evidence based and referenced, in full colour with superior artwork and design.

- full colour with superior artwork and design
- evidence-based
- Coverage of ENT and Ophthalmology
- Expanded history taking sections with new differential diagnosis tables
- More anatomy content and illustrations
- Expanded evidence based medicine references - the only physical examination trainees book with detailed references; new section on inter-observer variability and kappa values

The book is written for the clinical skills subject of the medical curriculum. Medical schools teach this at varying stages, some introducing the subject in the beginning years (graduate medical schools years 1 & 2) and others at year 3 (traditional/hybrid curricula, usually 5 or 6 years). Specialty Colleges and RACP teach a clinical skills subject in the early part of basic training which takes place after PGY1 & 2.

Editorial Review

Users Review

From reader reviews:

Bill Flores:

Do you have something that you prefer such as book? The e-book lovers usually prefer to decide on book like comic, quick story and the biggest the first is novel. Now, why not striving Clinical Examination that give your satisfaction preference will be satisfied through reading this book. Reading routine all over the world can be said as the means for people to know world much better then how they react to the world. It can't be explained constantly that reading routine only for the geeky particular person but for all of you who wants to become success person. So , for all of you who want to start reading through as your good habit, you may pick Clinical Examination become your current starter.

Todd Voss:

Are you kind of occupied person, only have 10 or perhaps 15 minute in your day to upgrading your mind expertise or thinking skill also analytical thinking? Then you are having problem with the book than can satisfy your short space of time to read it because pretty much everything time you only find reserve that need more time to be examine. Clinical Examination can be your answer as it can be read by you actually who have those short spare time problems.

Pearl Young:

The book untitled Clinical Examination contain a lot of information on that. The writer explains the girl idea with easy means. The language is very clear and understandable all the people, so do certainly not worry, you can easy to read the idea. The book was compiled by famous author. The author will take you in the new age of literary works. You can easily read this book because you can please read on your smart phone, or program, so you can read the book with anywhere and anytime. In a situation you wish to purchase the e-book, you can wide open their official web-site and order it. Have a nice read.

Thomas Crittenden:

As a college student exactly feel bored to reading. If their teacher requested them to go to the library or even make summary for some guide, they are complained. Just small students that has reading's heart or real their hobby. They just do what the teacher want, like asked to the library. They go to presently there but nothing reading critically. Any students feel that studying is not important, boring and also can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. So , this Clinical Examination can make you sense more interested to read.
