concrete5 Beginner's Guide By Remo Laubacher

This book is part of Packt's Beginner's Guide series. You will be guided through the set up of a Concrete5 site with step-by-step practical examples. This book is ideal for developers who would like to build their first site with Concrete5. Some knowledge of PHP, MySQL, or HTML would be useful, but you will likely have little to no experience in using Concrete5. This book will teach you everything you need to know!

Editorial Review

About the Author

Remo Laubacher grew up in Central Switzerland in a small village surrounded by lots of mountains and natural beauty. He started working with computers several years ago. After doing various computer related work, he focused on ERP and Oracle development but always kept his know how about web technologies up to date. A bit later, he ended up having a BSc in Business Administration but still works as an ERP and web developer and consultant.

He is an owner at Ortic where he does his ERP and Oracle related business but also works at mesch.ch where he discovered Concrete5 as the perfect tool for their web related projects. He has published some tutorials on codeblog.ch.

Users Review

From reader reviews:

Blake Nixon:

Inside other case, little persons like to read book concrete5 Beginner's Guide. You can choose the best book if you like reading a book. Provided that we know about how is important the book concrete5 Beginner's Guide. You can add knowledge and of course you can around the world by way of a book. Absolutely right, mainly because from book you can learn everything! From your country till foreign or abroad you will be known. About simple point until wonderful thing you may know that. In this era, we are able to open a book as well as searching by internet unit. It is called e-book. You can use it when you feel fed up to go to the library. Let's go through.

Joshua Smith:
