The Last Present: A Wish Novel (Willow Falls) By Wendy Mass

Amanda and Leo have a history with birthdays. Now their friend's little sister, Grace, has fallen into a strange frozen state on her birthday, and Amanda and Leo must travel in time in order to fix whatever's wrong. As they journey back to each of Grace's birthdays, they start seeing all sorts of patterns... which raise all sorts of questions.

Amanda and Leo are going to have to unravel the threads of the past and present -- and travel much further than they ever imagined -- if they're going to save Grace. Luckily, a little birthday magic always helps in the charming and funny Willow Falls series by Wendy Mass, where everything is possible and there are no coincidences.

Editorial Review

From School Library Journal

Gr 4-7-In this installment in the series, Mass continues to weave reality with fantasy, action, and plot twists to draw readers into her story. The Last Present pairs 13-year-old best friends, Amanda and Leo, to unravel the mystery of why 10-year-old Grace has become catatonic following their friend David's bar mitzvah. While visiting Grace, Angelina D'Angelo appears as her nurse, and the friends know that the mysterious old woman with special powers is involved. Amanda and Leo are instructed to journey to the past, specifically to Grace's previous birthday parties, to undo a curse that has befallen her. But, do they have enough information to reverse it? Angelina has a habit of leaving out important pieces of a story in order to get her way. With the help of their friends, Amanda and Leo are up to the challenge and begin their time-travel adventure. Woven seamlessly into this fantasy are the realistic issues that tweens encounter. Young love, sibling rivalry, and embarrassing parents are as much a part of this adventure as the time travel. Although part of a series, The Last Present can stand on its own, but readers will want to find the earlier titles once they have visited Willow Falls.-Annette Herbert, F. E. From [Booklist](#)

Amanda and Leo step into the spotlight again, but soon Grace, a friend's younger sister, falls into a trancelike state. Angelina sends Amanda and Leo back in time to make subtle changes on Grace's birthdays, but as they learn more about the elderly, magical woman, they begin to doubt their mission. Readers will enjoy catching up with their favorite characters from previous books as much as following the current adventure and the ongoing mystery. In the end, there is a sense of closure, at least for the Angelina story line. Still, a new, magically gifted character could mean more adventures in the River Falls series.
