**Yearbook of International Organizations 2016-2017: Statistics, Visualizations, and Patterns (Yearbook of International Organizations Volume 5: Statistics, Visualizations & Patterns)** From Brill Academic Pub

The *Yearbook of International Organizations* provides the most extensive coverage of non-profit international organizations currently available. Detailed profiles of international non-governmental and intergovernmental organizations (IGO), collected and documented by the Union of International Associations, can be found here. In addition to the history, aims and activities of international organizations, with their events, publications and contact details, the volumes of the *Yearbook* include networks between associations, biographies of key people involved and extensive statistical data. Volume 5 includes statistics on geographical regions and subjects where organizations work, visual representations of statistical data and networks, and historical statistical summaries and analyses.

## **Editorial Review**

About the Author

**The Union of International Associations (UIA)** is a research institute and documentation centre, based in Brussels. It was founded over one hundred years ago, by Henri La Fontaine (Nobel Peace Prize laureate of 1913), and Paul Otlet, a founding father of what is now called information science. Non-profit, apolitical, independent, and non-governmental in nature, the UIA has been a pioneer in the research, monitoring and provision of information on international organizations, international associations and their global challenges since 1907. For more information, visit: <http://www.uia.org>

## **Users Review**

**From reader reviews:**

**Kimberly Kiser:**
