Landscape Detailing Volume 4: Water By Michael Littlewood

Well established as a valuable source of reference for architects, landscape architects, professionals and students designin external works. This volume covers water features and offers drawings detailed to scale, unlike many of the other books on the market which only deal in sketch forms.

Covers landscape ponds, streams and waterfalls, fountains, edges, bank protection, revetments, dams, weirs and sluices, island rafts and jetties and drainage. Each section begins with technical guidance notes on design and construction. This is followed by a set of drawn-to-scale detail sheets. These details can be traced for direct incorporation into the set of contract drawings.

A ready reference for landscape designers and an indispensable time-saving tool, Landscape Detailing is an essential for the design office.

Editorial Review

Users Review

From reader reviews:

Alvaro Holloway:

Book is written, printed, or created for everything. You can realize everything you want by a guide. Book has a different type. We all know that that book is important factor to bring us around the world. Next to that you can your reading ability was fluently. A e-book Landscape Detailing Volume 4: Water will make you to be smarter. You can feel considerably more confidence if you can know about every little thing. But some of you think that will open or reading a new book make you bored. It isn't make you fun. Why they could be thought like that? Have you in search of best book or acceptable book with you?

Dedra Clark:

In this 21st centuries, people become competitive in most way. By being competitive at this point, people have do something to make these individuals survives, being in the middle of the crowded place and notice through surrounding. One thing that at times many people have underestimated the item for a while is reading. Yes, by reading a reserve your ability to survive enhance then having chance to stand than other is high. In your case who want to start reading some sort of book, we give you this specific Landscape Detailing Volume 4: Water book as nice and daily reading guide. Why, because this book is usually more than just a book.

Hannah Norton:

Spent a free time to be fun activity to complete! A lot of people spent their free time with their family, or their particular friends. Usually they performing activity like watching television, gonna beach, or picnic within the park. They actually doing same task every week. Do you feel it? Do you want to something different to fill your personal free time/ holiday? Can be reading a book can be option to fill your free of charge time/ holiday. The first thing you ask may be what kinds of e-book that you should read. If you want to try look for book, may be the book untitled Landscape Detailing Volume 4: Water can be good book to read. May be it may be best activity to you.

Douglas Elem:

Some people said that they feel fed up when they reading a book. They are directly felt this when they get a half portions of the book. You can choose the particular book Landscape Detailing Volume 4: Water to make your own reading is interesting. Your own skill of reading proficiency is developing when you such as reading. Try to choose very simple book to make you enjoy to learn it and mingle the impression about book and examining especially. It is to be very first opinion for you to like to open up a book and read it. Beside

that the publication Landscape Detailing Volume 4: Water can to be your new friend when you're feel alone and confuse with what must you're doing of these time.
