Witchling (Sisters of the Moon, Book 1) By Yasmine Galenorn

We're the D'Artigo sisters: Half-human, half-Faerie, we're savvy—and sexy—operatives for the Otherworld Intelligence Agency. But our mixed-blood heritage short-circuits our talents at all the wrong times. My sister Delilah shapeshifts into a tabby cat whenever she's stressed. Menolly's a vampire who's still trying to get the hang of being undead. And me? I'm Camille—a wicked-good witch. Except my magic's as unpredictable as the weather, as my enemies are about to find out the hard way...

At the Wayfarer Inn, a portal to Otherworld and the local hangout for humans and beasts alike, a fellow operative, Jocko, has been murdered. Every clue points to Shadow Wing, the soul-munching, badass leader of the Subterranean Realms. He's made it clear that he aims to raze humankind to the ground, turning both Earth and Otherworld into his private playground. Our assignment: Keep Shadow Wing and his minions from creeping into Earth via the Wayfarer. The demons figure they're in like Flynn. After all, with only my bumbling sisters and me standing in the way, how can they miss? But we've got a secret for them: Faulty wiring or not, nobody kicks ass like the D'Artigo girls...

Editorial Review

From Publishers Weekly

The first in an engrossing new series about conflict in the magic modern world—as told by the half-human, half-Faerie D'Artigo sisters—the latest from Galenorn (*One Hex of a Wedding*) is a whimsical reminder of fantasy's importance in everyday life. Narrator Camille is a good witch with unpredictable powers who runs a Seattle bookstore while working as an Otherworld Intelligence operative, sent Earthside to keep an eye on things. When an operative from the Wayfaerer, a human/Faerie hangout, is killed, Camille springs into action with her sisters Delilah, a werecat, and Menolly, a freshly minted vampire. Tracing the murder back to evil demon leader Shadow Wing, the sisters find evidence of a far-reaching plot, but the Otherworld Intelligence Agency offers no help, stifled by bureaucratic red tape and a nasty Otherworld battle. Galenorn's gallery of rogues is an imaginative delight, each species and personality carefully crafted. Though the plot can drag, effusive characters and pretty writing ("I whispered, and the stars heard me from behind their cloud cover and answered") will lead readers through to the much-anticipated final battle. From [Booklist](#)

Half human, half faerie, Camille and her two sisters act as Earthside operatives for the Otherworld Intelligence Agency, a gig they feel is more a way of keeping them at a distance than any promotion. With the Faerie court in disarray and a new demon lord in the Subterranean Realms making a power play to rule the known worlds, the sisters find their shaky magic and their allies the only line of defense. An emerging voice in chick-lit fantasy and mystery, Galenorn, who also writes as India Ink, branches off into romantic territory in the first of her Sisters of the Moon series. Romance readers looking for romance balanced with other elements may be a bit disappointed that the love story ranks a distant second here. However, those who enjoy Kim Harrison or Rachel Caine's Weather Warden series will feel right at home. Well-crafted fantasy abounds here, along with great character chemistry and an old-fashioned gumshoe--detective feel. *Nina*
